SECTION 1: FIRST LEVEL REGULATORY EXAMINATION:

FSPs (Sole proprietors) and Key Individuals in Category I, Category II, Category IIA, Category III and Category IV (RE1)

MODE OF DELIVERY: DISTANCE LEARNING

DESCRIPTION

The first level Regulatory Examination (RE) is a competence requirement in terms of the fit and proper regulations of the FAIS Act. The regulatory examinations aim to test knowledge in relation to the FAIS Act, subordinate legislation, codes of conduct and legislation relevant to money laundering. All financial services providers, representatives and key individuals are impacted by these examinations, which are conducted by approved examining bodies. Milpark Education offers various support options for the regulatory examinations. You may select any option, or a combination of options, to suit your individual need.

OPTIONS OFFERED BY MILPARK EDUCATION

1. Study material

Study material will be offered in the user-friendly Milpark format and will be couriered to you upon completion of the registration process with Milpark. The content of the study material covers the following 16 topics as prescribed by the FSCA:

1. Demonstrate understanding of the FAIS Act, 2002 as a regulatory framework.
2. Define financial products and financial services.
3. Maintain the licence of the FSP.
4. Operate as a Key Individual in terms of the FAIS Act, 2002.
5. Manage and oversee the operational ability of the FSP.
6. Adhere to the General Code of Conduct.
7. Manage and oversee the compliance functions as required by the FAIS Act, 2002.
8. Comply with regulated record keeping requirements.
9. Manage and oversee the accounting and auditing requirements.

10. Manage and oversee the requirements of the Financial Intelligence Centre Act, 2001 (Act No. 38 of 2001) (FIC Act) and Money Laundering and Terrorist Financing Control Regulations, 2002, as it applies to the FSP.
11. Deal with complaints that have been submitted to the Ombud for FSPs.
12. Define the role of the Representative in terms of the FAIS Act, 2002.
13. Manage and oversee the appointment of Representatives.
14. Manage the rendering of services under supervision.
15. Manage and oversee the Representatives appointed by an FSP.
16. Debar Representatives that have failed to comply with any provision of the FAIS Act, 2002 in a material manner.

2. Three electronic practice examinations

A unique username and password will be allocated to students after completion of the registration process. These will allow students three opportunities to practise with questions set on a similar basis as those on the official FSCA examination. These practice examinations will be Internet-based and students will be able to access them via a standard browser within a 12-month period.

Sufficient preparation time should be allowed to study before attempting the practice examinations. They will provide excellent preparation for the actual examination.

3. Two-day workshops

Milpark offers workshops in selected regions. These workshops focus on examination techniques (the approach to multiple choice questions) as well as the content of the selected regulatory examination. For corporate clients or small brokerages/groups (minimum of 12 students), these workshops can be tailored and offered at convenient times at company premises across South Africa.

It is imperative that students have prepared thoroughly for the workshop by working through the material **before** attending the workshop.

Students selecting the three practice examinations will be issued with a username and password. Students who select the workshop option, will have access to a tutor service where individual questions can be posed and answered.

It is imperative that students bring the RE training material or copy of the Acts to the training session.

RESEARCH UNDERTAKEN

While acknowledging that historical results are no indicator of future performance, Milpark researched results from numerous FAIS-related modules written with Milpark since 2006. Our research clearly indicates that despite high quality materials, a tutor help-line and numerous self-test questions, students struggle without face-to-face

interventions being provided. Throughput rates have increased significantly when students attended workshops offered by Milpark; it is thus our recommendation that one of the workshop offerings be selected.

ABOUT THE SCHOOL

Milpark Education offers a range of HEQC-accredited higher education qualifications. The qualifications range from a DBA, MBA, five postgraduate diplomas, a BCom and a Bachelor of Business Administration to various certificate and diploma programmes. An NQF Level 4 Umalusi-accredited qualification, Certificate in Financial Products, is available as well as a number of short programmes.

DISCLAIMER
