

# QUALIFICATION

Postgraduate Diploma  
(SAQA ID 94678, NQF LEVEL 8)

Postgraduate Diploma in  
**INVESTMENT Management**

**Mode of Delivery:**  
Distance Learning Online

**We've got you.  
You've got this.**

# 1 Description and Programme Purpose

With **assets under management** of around R2 trillion, the investment management industry in **South Africa is a powerhouse** industry with attractive employment prospects. The structure of the **industry** follows stringent regulatory guidelines and compliance, and the overall market is made up of international and local firms that deploy a range of **globally competitive tools** and strategies.

[Learn More](#)

The **Postgraduate Diploma in Investment Management** is designed to equip individuals with the skills necessary to function in **analyst/fund manager positions** in this industry. In this role, all employers will require a specialised honours or postgraduate diploma, whereas many **higher-level positions** are filled by Master's candidates.

## 2 Who Should Enrol

The programme would be suitable for:

01

The programme would be most suitable for a **BCom or similar graduate** who wants to improve his or her knowledge and skills in the area of investment management.

**We've got you.  
You've got this.**

## 3 Programme Outcomes

Successful completion of this qualification should enable the student to:

1. Demonstrate knowledge of the **ethical and risk management** background against which investment management functions in order to **operate efficiently** in an investment management environment.
2. Demonstrate a basic understanding of advanced **economical concepts** and how to model those statistically in order to forecast prices for financial instruments and/or markets.
3. Demonstrate an understanding of selected concepts in **financial reporting, analysis** and corporate finance from both an American and **South African perspective** in order to be able to form conclusions about the entity analysed and decide on whether to buy or sell.
4. Demonstrate advanced knowledge of equities and fixed income, in terms of analysis, forecasting/pricing and decision-making in **order to present a recommendation** or make investment decisions.
5. Demonstrate advanced knowledge of selected **concepts on derivatives**, alternative investments and portfolio **management in order** to successfully manage investment portfolios and the associated risks.
6. Demonstrate basic **knowledge of special fields by analysing** a specific topic for the investment project so that the student can operate more efficiently in an investment management context.

<b>TOTAL</b>			<b>125</b>

\*This module is compulsory for all students who have not studied financial management at an undergraduate level or have no working experience in financial management. This course must be completed within the first block of studies.

## Compulsory

**Alternative Investments and Derivatives and Portfolio Management**  
AIDP01-8

The purpose of this module is to introduce students to the valuation and inclusion of **alternative investments and derivatives** in an investment portfolio, as well as to unpack the portfolio management process and the risk-return concepts related to this decision-making process.

This module exposes students to **perspectives and philosophies** on moral and business ethics. Students will develop skills to identify and manage issues related to ethical practice and decision-making, and will be exposed to the requirements and practice of good corporate governance.

**Business Ethics and Corporate Governance**  
BECG01-8

**Equities and Fixed Income**  
EQFI01-8

This module introduces students to established **equity valuation methodologies**, the process of equity valuation and selection, as well as return concepts and theories. The module also covers the **valuation of fixed-income investments**, credit analysis, interest-rate volatility and term structures, as well as inflation-linked bonds and the mortgage-backed sector of the bond market.

This short course introduces you to **basic financial management** principles and empowers you to better understand the financial aspects of business and management decisions. The purpose of the course is to **assist individuals** with no financial background to understand finance and its associated terminology. It will enable you to do the basics, such as understand and analyse **financial statements**, complete basic cash and capital budgeting, manage working capital, make valid pricing decisions, and assess project progress and returns.

**Finance for Non-financial Managers**  
FNFM01-OS

**Financial  
Reporting and  
Analysis and  
Corporate  
Finance  
FRAF01-8**

This module introduces the student to the **analysis of specific areas of financial statements**. It covers the concept of earnings quality and financial ratio analysis. It also introduces the student to selected corporate finance concepts, such as capital budgeting and structure, corporate governance and mergers, and acquisitions.

This module provides students with an introduction to the qualification and the **online method of delivery**. The main focus of the module will be to familiarise students with Milpark rules and policies. Students will also be introduced to the modules offered. This module is non-credit bearing.

**Induction  
PGDIMI-8**

**Investment  
Code of Ethics  
ICETO1-8**

This module encourages students to **consider advanced ethical dilemmas** facing the investment industry by reviewing the code of ethics and standards for professional conduct as outlined within the **Candidate Body of Knowledge (CBOK) of the CFA Programme\***, and by looking at contemporary issues involving conflicts of interest. Students will also be guided to understand the importance of, and best practice needed, to ensure objectivity in investment research.

\*This programme is not affiliated with, sponsored or approved by CFA Institute.

**Elective**

Macroeconomic modelling and analysis are **key inputs into investment analysis**, and form part of asset allocation strategies that allocate funds across different asset classes such as equities, fixed income, commodities and cash. This module introduces students to the **application of statistical techniques** and econometrics in analysing economic data as an input into an investment strategy. To this end, the module covers regression analysis and time series **econometric analysis**. A key requirement for investment analysis is the ability to summarise and synthesise the findings in a report. The module therefore also introduces students to research and report writing in the context of the investment management industry.

**Economics  
and Statistics  
Project  
ECPR01-8**

**Research  
Methodology  
BRES01-8**

After students have completed this module, they should have a good **theoretical and practical understanding** of conducting applied research in a relevant business sector. Emphasis is placed on identifying an appropriate and viable research problem, formulating aligned research questions and objectives, conducting a literature review, and selecting an appropriate design. Students will have to draft and submit an initial **research report based on the research** conducted, presenting their findings, conclusions and recommendations.

## 6 Admission Requirements

The minimum admission requirement is a relevant **NQF 7 qualification** (Bachelor degree or Advanced Diploma).

Depending on the modules completed in the **undergraduate qualification** as well as the work experience, Milpark might recommend certain bridging modules for individuals who need to augment their knowledge on certain subject matters.

Applicants are requested to submit a detailed curriculum vitae displaying details of prior academic and employment history, which will be used as part of the admission review process.

## Student Support

### Library access

The Milpark Library provides access to **e-books in a virtual library** called Cyberlibris (Scholartext). Lecturers create smart bookshelves per course or module for students to access (these shelves can contain prescribed and recommended books). Students can also create their own personal smart bookshelves containing resources for their studies. Having access to a **digital library** means that thousands of students can access books and resources from anywhere at the same time online.

There is no need to make reservations and requests, and no limit on the time a student has to access a book. With the **implementation of Cyberlibris**, students also have access to full-text resources via ProQuest (global), Ebsco (global), Emerald (global), and Sabinet (South African publications) to assist with research and to enrich their learning experience. Access to the Library is included in the module fee.

### Online Support

Comprehensive student support services are available. Students are provided with administrative support by Student Services. To assist with **understanding content**, students have access to tutors whom they can contact individually. Students who experience study and/or personal problems have access to a student counsellor.

All support services are available to registered students via *myMilpark (myCourses)*.

# 10

## Rules of Progression

Students are required to **complete five (5) compulsory and two (2) elective modules** for a total of seven (7) modules and 125 credits. Please note that it is not recommended that students register for an elective as their first module. Students require a **minimum of 125 credits** (total of seven modules) to complete the qualification.

### Please Note

*Finance for Non-Financial Managers FNFM01-OS* must be completed by **all students who have not studied financial management** at an undergraduate level or have no working experience in financial management.

# 11

## Assessment

Students are required to submit formative assessments to gain access to the summative assessment. In most modules, the formative assessments contribute **40% towards the final mark**.

Students will complete a final, summative assessment at the end of each module for the compulsory modules, which will contribute **60% towards their final mark** for these modules. Refer to the Assessment Guidelines for each module.

## 12 Duration

Distance Learning Online students have a **minimum of one year and a maximum of three years** to complete this qualification.

## 13 Certification

On successful completion of the qualification, the student will receive a **Postgraduate Diploma in Investment Management, NQF Level 8 (credits: 125)**. The Postgraduate Diploma in Investment Management is accredited by the Higher Education Quality Committee of the Council on Higher Education (CHE).

**We've got you.  
You've got this.**

## 14 Further Studies

Milpark Education is committed to the **process of lifelong learning and to opening up access to higher education**. The programme is offered at NQF level 8 and will provide for articulation options into NQF level 9 programmes. Students may proceed to a Master's programme with a major in Investment Management or Finance, subject to the admission requirements of the institution to which they apply. They may also proceed to **Milpark's Master of Business Administration (MBA)**. A student who transfers from one to another qualification within Milpark Education may be given credit for some modules successfully completed.

Beyond Milpark Education, this qualification should **articulate with other qualifications** in the relevant fields of banking or business management.

## 15 Pricing

All module fees include **one round of formative and summative assessments** (supplementary examinations excluded).

The textbooks used for this qualification are available in **electronic format on Cyberlibris**, our electronic library. However, should you wish to purchase hardcopies of the textbooks, this will be for your own account. The **prescribed book** list will be available on the Milpark website under the relevant qualification information documents and on myMilpark on registration.

## 16 Disclaimer

The content of this brochure is accurate at the time of going to print. Milpark Education reserves the right to change the programme content due to changes in legislation, market requirements and other reasons. Notice of such changes will be published on our website.
