Library access

The Milpark Library provides access to e-books in a virtual library called Cyberlibris (ScholarText). Lecturers may create smart bookshelves per course or module for students to access (these shelves can contain prescribed and recommended books). Students can also create their own personal smart bookshelves containing resources for their studies.

Having access to a digital library means that thousands of students can access books and resources from anywhere at the same time online. There is no need to do reservations and requests, and no limit on the time that a student has to access a book.

With the implementation of Cyberlibris, students also have access to full-text resources via ProQuest (global), Ebsco (global) and Sabinet (South African publications), to assist with research and to enrich their learning experience.

Access to the Library is included in the module fee.

Tutor

Comprehensive student support services are available. Students are provided with administrative support by Student Services. To assist with understanding content, students have access to tutors via the Tutor Forum. Students who experience study and/or personal problems have access to a student counsellor. All support services are available to registered students via *myMilpark* (*myCourses*).

RULES OF PROGRESSION

All the modules are compulsory. After successfully completing all nine modules and achieving competency, you will have to do a Final Integrated Summative Assessment (FISA), which covers all nine modules, to assess your HR knowledge and practical application.

If you believe that you should be exempt from certain subjects, based on your formal qualifications, you can apply to Milpark for a subject exemption.

ASSESSMENT

The South African Board for People Practices (SABPP) is your assessment authority for this programme, which means that the SABPP prescribes how you will be assessed. All assessments will be conducted by Milpark College. Please keep the following in mind:

1. Your assessments comprise formative assessments, summative assessments and a Final Integrated Summative Assessment (FISA).
2. Your formative assessments are assessments you will do during your studies per subject. Your formative assessments are contained in a *Formative Assessment Workbook* per subject. If you are studying through distance learning online, you will download your *Formative Assessment*

Workbook from the MyMilpark student portal.

3. If you are studying through distance learning, you have to submit your formative assessments for marking either via courier or hand delivered to your nearest Milpark Campus.
4. Your summative assessments are the final assessments for a subject, which you will complete at the end of a subject. When your lecturer deems you ready for the summative assessment, you will receive a Summative Assessment Guide per subject to complete. If you are a distance-learning student, you will be able to download your Summative Assessment Guide from the myMilpark student portal. Your Summative Assessment Guide consists of a knowledge questionnaire and practical activities.
5. Your answers to the formative and summative assessments will be added to a Portfolio of Evidence (PoE) that will be kept at Milpark College for verification purposes with the SABPP.
NB: Your formative assessments do not contribute to your final mark, but they are essential tools used to indicate your progression through your course. You have to achieve at least 65% in all summative assessments to qualify for the Final Integrated Summative Assessment (FISA).
6. After you have successfully completed the formative and summative assessments for all nine subjects, you will be required to complete a Final Integrated Summative Assessment (FISA), in order to achieve the full qualification.
7. Your FISA is an external exam administered by the SABPP and has a 60% pass mark.
