ABOUT MILPARK

Milpark Education was one of the first private providers of higher management education in South Africa. Since 1997, it has evolved into an internationally recognised institution. The Milpark Business School is currently home to the only internationally (AMBA) accredited MBA in Africa for online distance learning.

Milpark's mission is to equip students with the knowledge and skills to lead and excel in a changed world. We believe in offering students a learning pathway from adult matric to doctorate level. We currently offer 21 accredited higher education programmes through five schools: the Business School; the School of Commerce; the School of Financial Planning and Insurance, the School of Banking and Investment, and Milpark College. In 2019, Milpark acquired the CA Connect business, which is the only online educational provider offering a Postgraduate Diploma in Accounting.

Our programmes are offered through online and distance learning in our support centres situated in Johannesburg and in Cape Town.
